

## St. George's GREEK Adult Beginner's Course

"Two languages are better than one, when it comes to keeping the brain young."

*Whether you are 20 or 70 years old, it is never too late to learn a second language, especially the mother language of all western languages...GREEK. This course will not only stretch your mind intellectually and keep you young, but it will also broaden your understanding of the Greek people and culture...in essence allowing you to live a second life.*

*Join us and learn to speak Modern Greek for your travel to Greece, to communicate with friends and relatives in Greece, or for just the satisfaction of keeping your mind...young.*

*PENDING interest, we would like to offer an Adult Beginner's Greek Course. If anyone is interested or may know of someone who can benefit from such a program, please pass on this information.*

*Please call the Church Office for more information at:*
